

LA MESA

Right now, the embers of a thriving community are sparking to life. Our La Mesa community outreach center (formerly, El Buen Samaritano) is already at work in the schools and neighborhoods in east Fort Worth, spreading the love and grace of God! Worship services are already meeting. Discipleship groups are already forming. And lives are already being changed with the Good News of the Gospel! And all this is happening without any permanent space to call home. This new facility, working in partnership with the WC Mission Health dental clinic next door, will address the very real issues facing our brothers and sisters downtown – spiritually, physically, and emotionally. With a designated worship space and other rooms for community support and education, the center will make a Kingdom-sized impact for the name of Jesus Christ!

Projected Cost:	\$2,074,000
